

The A.R.T. of Sailing® Seminar Series

Rules & Tactics Advanced Race Training

A Seminar for Racers and Judges

A detailed analysis of Part Two "**When Boats Meet**" and related sections of the ISAF **Racing Rules of Sailing**, this highly regarded seminar includes numerous **animations** of typical scenarios we all encounter on the race course.

This seminar is aimed at intermediate to advanced sailors who want to **improve** their **racing skills** and **results** by better understanding the Racing Rules of Sailing and their **tactical implications**. And new sailors will undoubtedly learn many key aspects of the rules needed to get racing. Animated boat-on-boat scenarios provide challenging problems on starting, mark-roundings and mid-course encounters that encourage open discussion and provide for an interactive and fun evening.

Note this seminar may be held in conjunction with the Protest Hearing Process Seminar - check the event listings for savings on this two-part clinic, and register for the "CLINIC" (both seminars) if it is available.

For Competitors, Race Officers and Judges [certification credit available], and for Event Organizers, and spectators who want to keep up to date.
